

Beacon Hill Rovers Ladies Team Report 2009-10

The season was another step in the right direction, with the positives heavily outweighing the negatives, apart from perhaps one game we were competitive in all our fixtures and finished as the only team in the Division that beat Redbrige the league winners, in fact we picked up at least a point off every team in the league. Performances were a lot more constant this can be put down to a more regular squad and better attendance at training.

Highlight from the season for were:

- ✚ The transition of the 5 players (Gemma, Demi, Lucy, Jo R and Karla) that had been playing for the girls team the previous season to play a major part in the team success during the season. Hopefully 2 or 3 more will be come off the production line for the coming season
- ✚ A penalty shoot win, the first time the team had been involved, then in the next round a comeback victory against a team in Division 1.
- ✚ Retaining the Den Helder 6-a-side cup, this time without conceding a goal.

The success of last season has seen the ladies being 'promoted' into the new formed Premier Division of the Essex league, where stiffer challengers will be faced. It is hoped that the squad size can be increased, as nearing the end of the season on occasion it was touch and go if we were going to get 11 players out, also a larger squad size will naturally increase competition for places and therefore hopefully better attendance at training.
