

Beacon Hill Rovers Under 15 Boys Team Report 2009-10

After a difficult season as U14's the team really gelled together and performed as a competent, passing football team at U15 level. Concentration dropped a little during the season which cost the team a few points and made the final run in too big a hill to get up to top of the league resulting in a strong 3rd place in the league.

Players Player of the season this year was Callum Wharton with an impressive 10 hat-trick season!! What I found really pleasing though was that Callum's massive collection of goals were less than half the total goals we scored - that shows depth and breadth in the team which I think will give us the edge over other teams this year.

Matt Carabine picked up Managers Player, being a focussed and motivated player (he also has sorted his timing of tackles much to the relief of us all at training!).

Our own James Stannard was also in the trophies this year picking up the Tilly Pink Sportsman's Award - well done James!

This year we will start the transition towards Adult football - offering some training and match opportunities to those that are ready and want it. We also are looking at U18 and U21 leagues to help that transition in the following seasons.

Training restarts on Weds 4th August 18:30 - 20:00 and on Saturdays from 14th August 10:00 - 11:30 - both will be at our home ground.

Well done for the last season, and good luck for this one!

Nick Smith
Under 15 Boys Manager
